

Project 3 Data Structures

```
typedef struct pixel {
    int red;    // red
    int green;  // green
    int blue;   // blue
} Pixel;
```

```
typedef struct ppm {
    int rows;
    int cols;
    int colors;
    Pixel **pixels;
} ppmPic;
```

myFile.ppm (cols rows colors)
